## Compatibility Report

This report is designed exclusively for love relationships. The interpretation for Stephen and Carolyn uses a technique called 'Synastry' which is the branch of astrology dealing with relationships.

It should be pointed out that even the most unlikely love relationship can be made to work if both parties are prepared to put in the effort required. However, there are almost always some adjustments and compromises to be made in any relationship where there are two separate individuals with wills and personalities of their own.

Analysing a relationship between two people is a complex business. A good analogy to this type of astrological analysis is the way you view a statue. Looking at a statue from the front gives you an idea of what it looks like from a single dimension. It is only by walking around it and viewing it from various points that you begin to see it as a multi-dimensional creation, and start to understand more about its total composition. And so it is with the astrological analysis of a partnership.

This Star Lovers report is divided into two distinct sections, each one examining the relationship from a different vantage point:

### **Part One - Relationship Potential**

This section provides overviews of both Stephen and Carolyn. It examines your relationship potential as individuals, and investigates what each of you needs and expects from a partnership, as well as from a romantic and sexual relationship.

### **Part Two - Relationship Compatibility**

This section looks at how each of you perceives and experiences the other, examining the strengths and weaknesses of the relationship and pinpointing potential problems.

Each connection is given a Star Rating from one to five to show their relative importance. To the right of each pair of symbols, denoting the connection, is a group of five stars ★☆☆☆☆, the more dark stars there are the more important the connection. The keys for the planets and the other symbols and terms used are given at the back of the report.

## Part 1 - Stephen's Relationship Potential

An astrological chart is divided into 12 'houses' each of which represents a different sphere of human life. The 5th, 7th, and 8th houses are concerned with relationship potential. Although these houses also have other meanings, here they are defined and interpreted as Stephen's love relationships (5th), Stephen's partnerships (7th) and Stephen's sexual relationships (8th).

### Stephen's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

#### 5th House Cusp

##### **Serious pleasures**

You take your love life seriously and need to be careful not to treat courtship and the sex act like a commercial arrangement or make too many demands too soon and thereby frighten off potential lovers. You can be a real contradiction when it comes to matters of the heart; while you get a perverse pleasure from playing the puritanical vicar in public, in private you can be a very naughty little devil.

While your public persona may deter more overtly sensual individuals (although it's often the reverse!!!), at the same time you risk attracting those who feel their chastity is safe in your hands. Therefore your love life is likely to be a litany of some rather peculiar entanglements. Ideally and eventually, you will find yourself drawn to those who share your quiet dignity while improving your status in the eyes of the world.

You do not take romance lightly and are uncomfortable with those who refuse to commit themselves. You are drawn to serious, dependable people. Your lover may not often take you to amusement parks, but the Stock Exchange can be fun, too!

#### in 5th House

##### **Dr. Strangelove**

Original, inventive, unconventional and exciting both in and out of the boudoir, you make a fascinating and stimulating lover. A meeting of minds and exchange of ideas is as important to as a meeting of bodies and an exchange of fluids. In fact, unless there is a lively intellectual rapport between you and your lover, the passion will soon to dry up.

You enjoy romance and the social whirl too much to give your heart away easily, if at all, regardless of your eloquent and romantic pillow talk. Drawn to the unusual, perverse and even the downright scandalous, you may entertain attachments with brilliant, strange and even rebellious individuals such as anarchists, revolutionaries and undiscovered geniuses. Life is never dull when you're around.

Romances may enter your life suddenly, or you may attract unusual or creative lovers. You have the ability to be objective about your love affairs, and you should have no difficulty expressing your individuality in that area.

5th House Ruler ♃ in 12th House

**Addicted to love**

You need to be far away from the maddening crowd before you can feel comfortable about getting up close and personal. Self-sacrifice in love is possible and you may fall in love with someone in an institution.

Your ability to see the good in people that others miss could lead you into love affairs with individuals on the fringes of society. However, you need to be careful and not let your longing for an elusive, ideal love cloud your judgement. While sweaty reality may be add odds with your romantic ideals, once indulged you may find it hard to say no.

You may find secrecy romantic, and be drawn into clandestine love affairs, enticed by the mystique of secret lovers, or lovers who keep secrets well hidden. If not, you may enjoy digging beneath the surface of things to unravel the mysteries.

No Planets in 5th House

**Easy come easy go**

While romance and sex is important to you, it is not a big deal, nor does it occupy as much of your time and energy as it does for some. Your love life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sensual pleasure actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

You are not as particular about what you like romantically as some, consequently you are more than willing to compromise with your lover. You find it relatively easy to get satisfaction and pleasure from your lovemaking and willing to make the adjustments necessary to achieve your ends.

## Stephen's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Stephen's love affair shifts to a partnership the emphasis of his relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

 7th House Cusp

### **A marriage made in heaven**

Your reserved practical and analytical approach to the world can be very effective and efficient when it comes to getting things done. However, it's very likely that the more organized and efficient your approach to life, the more likely your close personal relationships will be the very opposite. Your relationships are probably a source of much chaos and your romantic dreams likely to draw you at times to people who may be totally unsuitable.

You may happily clear up the mess others make, looking after the details they forget or neglect. Of course such a combination really can be a marriage made in heaven and you are likely to idealize your mate. The key to making it work for you may be to adopt an attitude of unconditional surrender and self-sacrifice. Because no relationship or individual can escape your critical eye and so the more you idealize your mate and put them on a pedestal, the more you are setting yourself up for subsequent disappointment.

It really is okay to make a mistake and while you are likely to have some very peculiar and unusual experiences in relationships, it is important to try to relate as equally as you can to your opposite number. Try not to let your critical eye prevent you from getting up close and personal with someone who, while less than perfect, may well be able to help you get your deeper needs met. You are attracted to beautiful dreamers, and they to you, because together you can combine reality and romance, making your hopes and dreams a reality. Try to avoid taking over the lives of your opposite number and trust them to take you down a more rewarding, if uncertain, path to happiness and love.

You want to be as one with your partner, experiencing the problems and triumphs as though they were your own. Be careful not to lose your identity by relating too closely with another. Ask your partner to share some of YOUR dreams.

### **Safe haven**

You need a partner who acts like a port in a storm, a person who represents a safe haven from the harsh realities of life. A partner prepared to stay in the background and yet who can offer you comfort, support and stability. Your family are likely to have an undue influence or affect on your choice of partner and you may be drawn to someone who acts like a surrogate parent to you.

You need someone a little docile, domesticated but at the same time warm and loving. However it is important that you don't let preoccupation with a significant relationship from the past prevent you from making the most of opportunities in the here and now.

There is a strong nesting quality here connected with partnerships. When the home is insecure, you may question the validity of the relationship. Therefore you should undoubtedly concentrate on establishing a firm, but comfortable home base.

☾ in 7th House

### **The caretaker**

You seek emotional fulfilment through relationships. Extremely sensitive and receptive to the needs of others, you may prefer to be mother, or mothered, than mated. Your need for emotional and domestic security can influence relationships unduly and you may find your family have a tendency to meddle in your affairs. Since you have a deep need for relationships you may lean on your partner for emotional support and thus attract complicated, co-dependent involvements. At times relationships can feel out of your control, you need to be needed and your willingness to compromise and be all things to all people may attract people who take advantage of you. You're drawn to emotional, kind-hearted but rather moody partners. You need a partner with who is emotional and domesticated with strong maternal instincts but you need to avoid people who are bad tempered, self-indulgent and grasping. Your relationships are likely to be subject to much change and fluctuation and you may get involved in numerous indiscriminate unions in your haste and on a whim, which you may regret later. This changeability in relationships can manifest in a number of ways such as a partner who, like a sailor, isn't there all the time. Nevertheless, despite your love of change and variety and your constant search for romance, you've an inner tendency to cling to what you have.

You need strong emotional ties in your partnerships. Nurturing and protectiveness are essential as well. Normally one of you will assume the role of mother, but ideally this role should be shared to avoid either partner becoming too dependent.

## Stephen's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. The signs and planets in the 8th house and the position of the 8th house ruler are used to determine Stephen's sexual needs and the characteristics of his sexual partners.

Since sexual activity can be an ingredient in both love affairs (5th house) and partnerships (7th house), you must decide which category your relationship belongs in and combine the relevant definitions. If the relationship is purely sexual, you can ignore the 5th and 7th houses.

 8th House Cusp

### Flaming desire

Your passions are quickly inflamed and you have a tendency to play with fire when it comes to sex. Your desire for immediate gratification and your urgency to get the uncertainty, and formalities, out of the way sometimes means you find yourself in too deep too soon. While you may appear modest and reserved on first meeting you're more ravenous wolf than innocent little lamb when it comes to sex. Hence you have a double-edged sexual nature, when you get into gear you can be very direct, sometimes becoming quarrelsome if your impulsive desires are blocked or frustrated.

You enjoy an active sex life and like to take the initiative. At times sex for you takes on the form of a contest rather than an intimate exchange between lovers, motivated by the challenge of the conquest, making the sex act you goal. Sexually ambitious, you can't help flirting with danger and at times, pushing your sexual and intimate relationships to the limit.

You are probably more interested in immediate gratification in sexual matters than in the amenities connected with it. You prefer aggressive partners, but if action does not come quickly enough, you can certainly become the aggressor.

 in 8th House

### Sexual indulgence

Your natural charm and pleasing, easy-going manner conceal a strong sexual appetite. While you are popular and much sought after, when you meet someone who satisfies your sexual needs you are unlikely to look elsewhere. Deeply sensual and sexually indulgent, you've a slow, sure touch and a direct approach to sexual matters and expressing your needs for intimacy. You feel most comfortable with a sexual partner who is loyal to you or in some other way adds to your sense of security. You can get tremendous satisfaction from sex, but tend to be somewhat cautious in new sexual situations.

**Sex, mystery and the great beyond**

You may keep your real attitude to sex under wraps, at least until you feel you have got to a situation where you feel comfortable enough to let your guard down. This can have a number of affects, one is that you may try and keep your true desires under an impassive cloak. However, at times your guard will slip especially when you feel the stakes are high, giving at least part of the game away. Others therefore may be surprised, and a little unnerved, when you reveal your true sexual nature when you eventually get up close and personal.

This may be because you don't want to expose yourself or your vulnerability or simply because you prefer to keep your private life private. Because of this some people are not entirely sure about your true sexuality and question your true sexual nature because you may give misleading or conflicting signals. Since there is likely to be a veil over the more intimate details of your private life you may enter into relationships others consider clandestine or you may even have a number of secret sexual involvements going on which you keep under wraps.

Nevertheless, your discretion when it comes to sex may also make you seem a bit of a prude, which is likely to be far from the case behind closed doors. Your attitude to sex is not without its benefits since it very likely that at some point your desire for sex and intimacy gets you in hot water, leaving you feeling that when it comes to sex you're your own worse enemy, especially if you let your desires swallow up your reserves whether they are emotional, physical or financial.

Within you there is a voyeur, drawn to unusual sexual practices. And so, over time desire for a rich inner life may draw you towards Tantric sex, magik or religious fanaticism where sex becomes an avenue through which you can have a deep religious experience and contact the great beyond.

You will not accept sexual activity as an isolated factor in your life. You may consider it a culmination of hidden desires which you will examine for greater understanding of self and partner; or perhaps as a path toward your greater goal.

No Planets in 8th House

**There's more to life than sex**

While sex is important to you, it is not the big deal, nor does it occupy as much of your time and energy as it does for some. This does not mean your sex life is uneventful it's just that your sexual demands and tastes are probably less peculiar or complex than they are for others.

Your sex life is subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the pursuit of sexual gratification actually takes you away from those activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when things eventually settle down again you're usually keen to get on with other things.

You are not doomed to a life of celibacy. It is just that your list of requirements in a sexual partner and needs, in sexual activities will be shorter than most, though very likely your enjoyment will be just as great.

## Carolyn's Love Relationships

The 5th house describes romance and courtship: the qualities you seek in a lover and in a love relationship. You may be attracted to different types of lovers who possess one or more of these qualities, but you are most likely to find true happiness with the one person who combines most or all of them.

### 5th House Cusp

#### **Sex slave**

Often at the beginning of a love affair, or when you're feeling unsure, you may sacrifice spontaneity for the security of knowing where you are going on a date, and how you are going to spend each and every minute. Taken to extremes sexual intercourse may feel more like a medical examination than an expression of mutual love.

You also need to make sure you don't let your critical eye prevent you from letting love into your heart. However, when you find your groove with a lover you take an inordinate interest in doing every little thing just perfect. You'll notice the details, and find your lovers erogenous zones and then go about discovering how and when to make their toes curl with delight.

In fact you often gravitate to positions of servitude in which satisfying the needs and desires of your lover becomes a source of great pleasure for you. Of course you need to avoid becoming a doormat, or going on automatic pilot where concentration on technique leaves little room for love to work its magic.

Your lover will be practical and well organized. There may not be a great deal of spontaneity in your love relationship, but there is a sense of security in knowing where you are going on a date, and how you are going to spend each minute.

#### **Smooth operator**

Charming, attentive and with impeccable manners you are generous to a fault when it comes to showing your affection. By nature you are friendly, sociable and like to make others feel better about themselves, thereby making it easier for you to get your own way.

This can be your Achilles heel when it comes to love. On one level, you'll give some people the impression you think they're special when in fact you're only trying to oil the wheels, while on another level, when romantically involved you're likely to say all the right things, just to keep the peace. You are drawn to attractive, artistic and articulate people and have a wonderful ability for making others pursue you.

You are drawn to people who are attractive, charming, but perhaps indecisive. There will be more discussion than activity. When you tire of sitting around, suggest an art gallery. This will appeal to your lover's artistic sense and get you moving.

## Carolyn's Partnerships

The 7th house describes marital partners and other close, one-to-one relationships. Courtship (5th house) can lead to partnership, but the 7th house assumes a close, constant contact so it is more difficult to escape potential problems. For that reason, they are more fully addressed here.

When Carolyn's love affair shifts to a partnership the emphasis of her relationship changes, according to characteristics described by the signs and planets of the 7th house, as well as the position of the house ruler, outlined below.

### 7th House Cusp

#### **Beauty and the beast**

Since you are very tactile and sensual when it comes to your personal relationships and encounters you need someone with whom you can be very up close and personal with. You want deep, meaningful companionship, loyalty and sex, and lots of it. In fact sex could well be a source of conflict, although there maybe times when its the one thing you have in common, providing the glue that keeps you together. Either way issues of sex, intimacy, power or trust will have to be dealt with in your close personal relationships.

Since sex is so important and you are not easily swayed when you start something you will often stay in and work at a bad relationship rather than end it. Therefore the times when endings are inevitable they often bring about deep-rooted change in your life. In fact it is through your relationships and the important people in your life that you experience periods of rebirth and renaissance. Your partner often acts as an agent for change and transformation in your life. You are drawn to individuals who are intense, charismatic, powerful and somewhat secretive. Individuals who may be cool and aloof at first meeting but deep, dark, mysterious and occasionally dangerous when you do get up close and personal.

Your opposite number may also make a good business partner and vice versa, since your sensual nature will attract passionate individuals to you, manipulation can take place where money and sex are concerned. At your best you make a loyal, deeply committed and intimate partner. Learning to trust and be trusted is important if your relationships are to grow and develop outside of the bedroom but in the process may have to deal with your own and others jealousy, possessiveness and suspicion.

Privacy versus togetherness will be an issue in partnerships. Because time together is so concentrated, you or your partner periodically needs some space. Possessiveness can arise, but with it comes great loyalty, which perhaps is compensation.

 in 7th House

### **Sometimes you hold on best by letting go**

Since you're never likely to be short of admirers it may be difficult for you to make a serious commitment to someone especially when pastures have a habit of looking greener elsewhere. However, any commitment you do make is unlikely to be too serious if only in so far as you are drawn to individuals who have a cheerful, happy-go-lucky approach to life.

When it comes to your close personal relationships you like freedom to express your self and do your thing and don't like being restricted in your relationships. Therefore it is important that your opposite number learns early the significance of the notion that as far as you are concerned "Sometimes you hold on best by letting go". You don't like being tied down especially in the bedroom and so while you may have numerous affairs you might wait before making a commitment, preferring companionship to sex.

When you do get involved it is usually on your terms and it is important that your relationships have a consciousness raising affect on you and that they serve to broaden your view on life, love and the universe. Therefore you may get together with a foreigner or someone from a different social or cultural background. By nature you are extremely curious and so someone who can feed that side of you and take you on an intellectual adventure is likely to have much of what it takes to keep you around.

Of course you like a laugh and although you like philosophical and intellectual types anyone too serious or too pompous is likely to make you restless and impatient. Your relationships are themselves a source of adventure since it is through others that you are able to broaden your perspective and expand your horizons and find a more universal and inclusive approach to life.

The emphasis in partnerships is on development. Too much togetherness can be restrictive, but some expansive experiences should be shared so that neither partner is left behind. Joint activities should include travel or studying together.

7th House Ruler  in 6th House

### **Healthy relationships**

Your work or your daily schedule and routine is likely to provide a rich source of potential partners and when you do make a commitment you are prepared to work hard at making it work. Whether in a joint business venture or on the shop floor, you may work with your partner in some way.

However, there is the strong possibility that your relationships can affect your health and vice-versa for both good and ill, therefore when stressed you might consider whether the problem is in you or in your relationship. Alternatively you may also find that when you're stressed your partner knows just how to calm your fears and sooth your worries and cares. There is however the possibility that your partner's health will be an issue you may have to deal with in someday at some point.

You want your partnership to run smoothly. Establishing a routine in this area is satisfying and you need practical reasons for changing your habits. You try to avoid unplanned joint activities because half the fun lies in organizing the details.

No Planets in 7th House

**Take it or leave it**

While relationships are important to you, they are not the be all and end all for you nor do they occupy as much of your time and energy as they do for some. Your relationships are subject to periodic change and upheaval but your real priorities are often elsewhere. You may find that the responsibilities and commitments of relationships often takes you away from the activities that you find meaningful and so, while you'll put up with occasional disruption in this area of your life, when they eventually settle down you're usually keen to get on with other things.

This does not mean that you will never marry nor have a close one-to-one relationship. In fact, your demands are less complex than most so you won't expect as much of a partner, and it may be easier to get along with yourself.

## Carolyn's Sexual Relationships

In the context of a relationship, the 8th house can represent shared resources, partner's resources, or sex. Here it is treated solely as the house of sex. #### **Recreational sex**

Enthusiastic, frank and open when it comes to sex, you like variety and adventure in the bedroom since if things start to get stale and your partner stops making your toes curl, your apt to be off in search of some other sexual target. You're quite fortunate when it comes to sexual escapes and adventures.

You find it relatively easy to express your needs for intimacy when up close and personal and to get those needs met. Somehow you know it'll all work out and so tend to adopt a happy-go-lucky approach to your sex life. Not that it's always a smooth ride emotionally since you have a tendency too have too many irons in the fire and spread yourself too thin sexually.

Your direction in sexuality may follow one of two different courses. You may view sex with a kind of reverence or else you may consider it merely a form of recreation. For the greatest kind of satisfaction, you should combine the two attitudes.

### in 8th House

#### **Randy old goat**

You have a breezy, cool and sociable exterior. When it comes to sex you can be as randy as an old goat. However you may have a tendency to repress your passions, developing self-control in the sexual arena, or alternatively going to the other extreme, indulging in relentless sexual activity in order to feel good. Your sexual needs are probably quite primitive and instinctual.

You may even know how to use sex to further your ambitions or gain control over others. However, you may feel at times that when it comes to intimacy things can get a little heavy and burdensome. You generally want to be free to come and go as you please, responsibility weighs heavily on your shoulders and therefore you may feel the sexual side of relationships are more trouble than they're worth leading to commitments and ties you'd rather live without.

You take sexual matters seriously, and having practical reasons for a sexual involvement will be helpful. You may not be spontaneous and original in this area but that does not have to detract from your feelings of accomplishment.

### **Learning to let go and trust**

Sex and intimacy can be a tricky area for you to deal with. It may boil down to the simple issue of learning to let go and trust. You have very strong desires and you may be forced by circumstance to put a lid on your sexual appetite although that won't necessary stop things simmering under the surface. You also need to be mindful that you don't attract sexual partners who, while they may give on one level, end up being a burden.

Since you find it difficult to trust you find it difficult to let go and this is probably behind any complications, apprehension or difficulties you may have concerning the area of intimacy and sharing. You may be worried about being overtaken by primitive feelings and desires. Merging with another in sexual union is a form of death, 'the little death' of the Elizabethans. However your eagerness for a close union may make it difficult to keep feelings under wraps when somebody comes along who stirs your desires. Because you're inclined to put a lid on your desires for lengthy periods, when your deeper, darker needs are stirred you can be insatiable.

At times you may choose to withdraw rather than be overwhelmed, alternatively you may overcompensate with developing a rich expertise and knowledge in sexual technique. However, at the end of the day if your heart and soul isn't in it you really won't feel emotionally or sexual fulfilled. Self-mastery and awareness of your primal instincts and navigating the obstacles along the often tricky path to real trust and intimacy is where your ultimate fulfilment lies.

You may, at times, be somewhat inhibited in the area of sexuality, but if you feel secure with your sexual partner, you will be more relaxed. For this reason you will be selective in your choice and avoid those who are OBVIOUSLY undependable.

### **The libertine**

Intensely curious when it comes to matters sexual, you like to experiment and explore new methods, techniques and positions. You can be emotionally volatile, changing from aloof and distant one moment to wildly passionate the next. Since there are times when your erotic impulses come upon you all of a sudden and overwhelm you, you are apt to act on the spur of the moment, which could get you into some tricky, and sticky situations.

Therefore your sex life is rarely dull because the moment any kind of routine threatens to set in, you somehow manage to contrive to bring excitement, unpredictability and the unusual back into the bedroom, or the great outdoors for that matter. You are apt to have some extraordinary sexual encounters and adventures and fact is likely to be stranger than fiction where your sex life is concerned.

Whether you're into swinging or swapping, your tastes may border on the perverse and while your peculiar, unusual and original approach to sex won't be everybody's cup of tea, you are an inventive and stimulating lover. Because your feelings awoken by the agony and ecstasy of love and sex can run from passionate all consuming lust to rage, jealousy and possessiveness you may need to develop a certain amount of detachment otherwise there will be times when you may feel as if you are at the mercy of your emotions as your primal instincts threaten to run amok.

Your ideas and practices in sexual matters may be nonconformist and you'll pride yourself on your originality in this area. You'll also seek sexual partners who appreciate your individuality and who don't force you into a preconceived mould.

### **Sexual healing**

At times of crisis and emotional upheaval you may seek solace through sex. This can be tricky area for you since you can sometimes give yourself away too easily too soon. You are extremely sensitive to the deeper and darker needs of others so try to keep a little of yourself in reserve otherwise less scrupulous individuals may be tempted to take advantage and confuse and deceive you.

Something deep within you seeks to break the boundaries that separate us and you have an almost insatiable longing to do this through the intimate sexual exchange and orgasmic fusion with another. While you long to loose and abandon yourself through sexual union, merging with the great beyond in the process, you need to be mindful not to use sex and intimacy as an escape from reality.

Otherwise promiscuity, indiscretion and too much emphasis on the sexual act itself will only serve to undermine your grip on reality and set you spiralling on through one sexual relationship after another in search of an ever elusive ideal. At your best you have the ability to help and heal others through a deep and intimate exchange where sex borders on a spiritual experience, enabling you to renew and invigorate not only yourself but your lover in the process.

Because of your very rich and erotic imagination you may find playing out your sexual fantasies not only helps to strengthen the bond between you and your lover, it also leads to fantastic sex.

You may feel that you are often taken advantage of in sexual relationships. Unless you enjoy suffering here, which may be the case, use your intuition to select a sexual lover with whom you can strive for spiritual union and perfection.

### **How Stephen's discipline affects Carolyn's love of life**

Stephen needs to be careful not to be too critical of Carolyn's attempts to express herself through creative or artistic works since he risks severely undermining Carolyn's self-confidence. Stephen may have old fashioned notions about love and romance which, while they may be quaint and endearing, may make it a bit difficult at times for Carolyn to let her hair down and be spontaneous.

Sex might also be a problem because Carolyn might not always find it easy to relax and let go of her inhibitions if she feels Stephen might disapprove if they get too down right dirty. This may seem a bit of a contradiction since Stephen can be a very lustful animal when he is in the right mood.

Stephen may appear a little formal and reserved and his serious attitude toward lovemaking may make it difficult for Carolyn let go however this may simply be that Stephen doesn't take love and sex lightly because once intimately involved, Stephen is likely to feel a deep commitment and responsibility to Carolyn.

At times Carolyn may feel that the relationship can get a bit heavy and a bit of a burden when she just wants to have fun and not be reminded about her responsibilities or worry about tomorrow. Therefore it is important for Stephen to avoid the extremes of either taking their love life too seriously or treating the whole courtship ritual and sex act like a commercial arrangement. If Stephen makes too many demands too soon he may risk frightening off Carolyn. Nevertheless, once committed to each other, loyalty and stability can shape Stephen's and Carolyn's relationship into an unbreakable bond.

Therefore Stephen needs to be careful to offer Carolyn encouragement rather than constantly find fault. Otherwise, Stephen's criticism may have detrimental affect, if Carolyn thinks her every move is being scrutinized by him, Carolyn may begin to loose self-confidence and Stephen criticisms may even make her physically ill.

On another level, Stephen and Carolyn may find they need sex on a regular daily basis to help discharge tension and rejuvenate themselves. Nevertheless problems in Stephen and Carolyn's sex life could have detrimental effects on Carolyn's health and any related illness may well be traced back to difficulties in the bedroom.
